

## KEY FEATURES

- Regulated power supply for outdoors
- 220V AC input
- 12V DC / 1.5A output
- Overload protection, over-voltage, over-current, over-heating and short circuit
- IP67

# CAM-3417

## REGULATED POWER SUPPLY FOR OUTDOORS

- Regulated power supply for outdoors
- Effective power: 18W
- Input voltage: 100V~240V AC
- Input frequency: 47~63 Hz
- Output tension: 12V DC
- Current output: 1.5A
- Overload protection, over-voltage, over-current, over-heating and short circuit
- Working temperature: -30°C ~+45°C
- RH: 20~90%
- IP67
- Dimensions: 85 x 30 x 98 mm
- Weight: 112 g
